Re: Coakley Landfill  
North Hampton, NH

Dear Mr. Calder,

My name is David Short. I am vice president of Custom Pools, Inc. This letter is in regard to the Coakley Landfill, which, to my knowledge, Custom Pools, Inc. has never used.

I have spent the past week making phone calls to various State and U.S. agencies. At this point I am quite concerned because these calls have not brought about any meaningful conversation, and my calls to the EPA have not been returned.

In a letter dated March 21, 1990 from the EPA, I was informed that I am a possible PRP because of a letter sent to you by the Town of Newington's counsel.

I have consulted with my lawyer and paid him a good sum of money to attend a meeting with officials in Boston. I have discharged him and now I am being asked to pay \$1,000.00 to a group of PRPs.

Please tell me how I can be taken off this list or show me why I am being brought into this issue.

Respectfully yours,

  
David E. Short  
Vice President
